

BUILD YOUR OWN FALLOUT SHELTER

'Inner Refuge' as described in the Home Office leaflet 'Protect and Survive' (HMSO 1980, ISBN 0 11 340728 9)

Fold along lines indicated ...>

1. Glue family to light card. The back of a cereal packet is ideal.
2. Colour in.
3. Cut out and glue together wall/floor section, glue doors in place.
3. Construct and glue boxes A and B to create shelter entrance
5. Glue protective layer in place, fold to create a step across it and lean against doors
6. Construct family

Fold boxes in on themselves. Glue tabs D inside and glue tabs E under planks.
